DESIGN INSPIRATION: GOING GREEN

Earth Day is April 22, 2010! If potato chip companies can make biodegradable chip bags (thank you SunChips!), than we can do our part to help bring eco-friendly materials to your home! Mark Showell Interiors has a wonderful collection of bamboo blankets & sheets, as well as wool & unbleached, natural cotton selections. We also carry a wide range of fabrics & rugs from vendors such as Kravet and Merida who design with the environment in mind.

~ Time to air out your linens and bring color back into your home! Here are a few tips to get you started!

SPRUCE UP FOR SPRING

* try rearranging your furniture to gain a fresh perspective of your room

* throw in a few new, vibrant pillows to add pops of color while you fluff up your familiar ones.

* after you launder and change your bedding, try using a linen spray to bring a hint of crispness

to your nightly turn-down. Lavender is a refreshing scent of the season.

* bright planters, real or faux, are a nice reminder that Spring is here!

Stop in to our Rehoboth Location and peruse our New Spring items. We always look forward to seeing you!
